# AUTOMOTIVE LOCK & KEY CATALOG

## 2003

Welcome to the new 2003 STRATTEC Lock and Key Catalog. We're sure you'll find this quick reference tool a handy source for servicing the new 2003 cars and trucks out on the road today.

Ordering STRATTEC™ original automotive parts means you'll receive the same quality parts designed and manufactured for the original vehicle. Just place your order with a local distributor in your area. Their names are listed on the back cover. And thanks for choosing STRATTEC as your original parts source.

### DISCOVERING THE PARTS YOU NEED

To make it easier for you to locate parts you need, we've arranged the catalog alphabetically by manufacturer, vehicle division and nameplate.

*If you need to service an Oldsmobile Alero, for example, first look for General Motors. Next, find the Oldsmobile section, then locate the vehicle name alphabetically. Here, you'll find key blanks, caps and shutters, ignitions, doors, decks/tailgates/rear doors and glove boxes in one easy-to-locate chart. You'll also find that most nameplate listings include manufacturers' platform designations. For example, Chevrolet Cavalier is a J-Body and the Ford Taurus is D186.*

Some nameplates have the exact same parts as another nameplate with the same platform, so we listed the parts only once but refer you to the proper page number. *For example, the Chevrolet Venture has the same parts listing as the Pontiac Montana. For the Montana parts we refer you to the Venture listing that appears first in the catalog.*

We organized the illustrations by manufacturer, not by division or nameplate, following a similar order as the previous charts.

We've also condensed the part number series for sequential tumblers. For example, you'll see: Tumblers (#1 - #5) 322251 - 322255. Within a nameplate listing, we printed the full series of tumbler part numbers only once if they're identical to each other.

### WATCH FOR HELPFUL SYMBOLS

When you see this symbol ♦ you'll know this is a new part or part number for 2003, not found in previous catalogs or price lists.

NOTE: appearing throughout the catalog will call your attention to changes, unique situations or to offer application hints.

### DEFINING TERMINOLOGY

- Alarm - A factory-installed anti-theft system
- Dual - Lock service package containing both black and chrome components
- Electric - Refers to an actuating switch on the back of the cylinder to perform an automatic power function, not to be confused with a power lock
- Fleet - Single-key vehicles, all keyed alike
- PASSKey - Replaces VATS in GM terminology, refers to the key and pellet system introduced in 1986
- PASSLock - MRD - Separate GM security system from the PASS Key, relies on a magnetic rotating device contained in the cylinder housing, introduced in 1996
- PATS - Ford Passive Anti-Theft System, with a transponder in the key that operates with radio frequency, introduced in 1996
- RFID - Radio Frequency Identification utilizes Transponder Technology.
- U Groove - GM's unrestricted groove refers to uncoded cylinders, lock service packages and lock assemblies, accepts all GM key sections A - K
- Universal - Part may vary from production model in color or material, but will fit and function properly, typically applies to nonhanded parts

### ABBREVIATIONS

- GRV. = Groove
- PTL = Push-to-lock
- PB = Push button
- TG = Tailgate

## STRATTEC TRANSPONDER KEYS

STRATTEC is an original manufacturer of transponder key blanks for Chrysler, Ford and General Motors. The following chart lists those North American vehicles equipped with the anti-theft transponder based system. The Ford vehicles are equipped with the Passive Anti-Theft System. Chrysler vehicles are equipped with the Sentry Key Immobilizer System. General Motors vehicles are equipped with PASS-Key III. You will notice that there are some vehicles listed for which STRATTEC is not the original equipment manufacturer. They are included because a STRATTEC key fits the application.

Manufacturer/Vehicles	Year	Transponder Std./Opt.	SSC #'s Master/Primary	Replaced	Valet	Replaced
